

Welcome to the bespoke events space on O'Connell Street

Administrator House

This beautifully restored heritage building is amongst Auckland's premier bespoke venue spaces.

Built in 1925 for Alliance Assurance, Administrator House has an impressive façade of Oamaru limestone and Nelson marble. A Stripped Classical British design, the building is a rare example of the commercial architecture of Basil Hooper, who was better known for his Arts and Crafts houses.

The beautifully restored two story heritage space has been fully earthquake strengthened, preserving its historic significance in the heart of Auckland for generations to come.

The venue space, with its stunning wooden floors (no stilettos please), is bathed in natural light and framed by the original windows. A stunning art collection throughout the venue adds to the unique character of the space.

The Gallery

The space is suitable for conferencing, cocktails, intimate dinners, exhibitions, photo shoots, product launches and management retreats.
